

Assignment 2.3 – Where to Start

Instructions

The essay must be substantive, contain at least two (2) secondary sources (scholarly journals, published books, etc.), and written in APA format.

There should be an introduction, a conclusion, and a developed body (generally at least a few paragraphs – at least 500 words). Points will be deducted for not meeting the specified word count requirements. Reference lists and in-text citations do not count toward the word count requirements.
